

AWA Council extraordinary Meeting Held 3/5/2021

Venue Yokine Community Centre

Meeting Opened: 7.25pm

Apologies: Ted and David (KAMS Delegates)

Agenda: Instructor Recertification only

Business: President David addressed the meeting and outlined the history of this topic. David had sent a email to all clubs as decided at the last meeting detailing the options decided at the last meeting.

The options were:

1. Not to have the flying test.
2. To have a flying test.
3. Have a second observer present for the flying test.

We had 13 responses to the email regarding the 3 options with 3 for option one and 10 for option two. David tabled copies of the emails and offered them to the meeting for anybody to read them. After reading them Malcolm Buckland pointed out that the count was incorrect and it was amended to 4 for option one and 9 for option 2. President David apologised to Malcolm for his error.

General Discussion started for and against having the flying test included in the recertification and it was brought up that we and most clubs have to many rules which are above what is required by the MAAA MOP requirements.

Motion: The AWA adopt Option 1 (. Not to have the flying test) with the individual clubs deciding if they will have a flying test.

Moved Malcolm Buckland, Seconded Peter Bryner

For the motion 6 Against 2 and Abstained 2 Motion Carried

Steve Coram Discussed the standard of some instructors and the fact that not having the flying test would not eliminate the lower end of the scale.

Eric Bevan asked those present if the passing of the motion regarding Instructor re evaluation meant that those instructors who had passed the theory but failed the flight test have now passed subject to their clubs ruling on the flying test. There was a unanimous YES to this

Andrew Herzfeld asked those present to be aware that our club rules only need to equal the MAAA MOP and that any requirement that above and beyond the MOP may cause problems in the event of a insurance claim.

Meeting Closed 8.10pm
